

DIANE DUNTZE

Diane serves with SEND International. She has been in Alaska since 1986.

She is a Nurse Practitioner and ministers to the people through the Cross Road Medical Center in Glennallen. She lives 70 miles from there on a homestead at Grizzly Lake where there is a satellite clinic of CRMC. She lives in a 16 x 20 log cabin. She has a small patient caseload most months, but the people she sees are people who would not usually go to the doctor unless they were really sick. There are some people who are beginning to go to see her for preventive care issues as well as chronic problems.

She also works with the local Native Corp and goes to two Native villages each week to provide nurse practitioner level care. She supervises and instructs the village health aides who man the clinics.

Diane also helps out in the summer at Grizzly Lake meeting and greeting people and meeting their needs in the campground.

You can contact Diane at:

Diane Duntze
HCO1 Box 335
Gakona, AK 99586-0335
907-822-3937
